If you ever wondered how on earth you can live out the Christian life practically – this is the series you need. The guidelines from Ephesians 4 -6 will transform your living.

Transformed Living is a 7-week church programme, underpinned by a 50 day devotional book written by pastor Dave Smith (Kingsgate Community Church).

Explore why unity and purity of God's people are key elements for living a transformed life. Discover how to stand firm in spiritual warfare, find your unique place in the Church and strengthen your relationships at home and in the workplace.

It is based on the popular series Transformed Life focusing on identity, purpose and belonging from Ephesians 1-3. Ideal as a stand-alone or add-on church programme to start living a transformed life practically.
